COMPLIANCE

CODE OF PRACTICE

When students choose to pursue their studies in New Zealand, it is crucial for education providers to fulfil their significant obligation of keeping these students well-informed, safe, and properly looked after.

The Code of Practice works as a comprehensive document that precisely delineates the legal obligations that education providers must adhere to when enrolling international students.

At Worldwide, we prioritize the safeguarding of our students by diligently complying with all the stipulations outlined in the code. The full, legislative version is also available on the New Zealand Legislation website.

PUBLIC TRUST

The New Zealand Government requires all private training establishments registered with the New Zealand Qualifications Authority (NZQA) to have some form of protection for fees paid to them in advance. This is a student fee trust account, which ensures that students receive a refund of the fees (or portion of fees) in case something happens to the provider due to closure, insolvency or loss of NZQA accreditation.

INSURANCE

It is mandatory for all international students to hold suitable medical and travel insurance while studying in New Zealand. At Worldwide, we offer an exceptional insurance package that provides the necessary coverage for students, ensuring their wellbeing in unforeseen circumstances.

ACADEMIC PROPOSAL

STUDY PROGRAMME

On the first day at school each student is interviewed by a senior teacher, who is in charge of designing a “Study Programme” based on the academic objectives of each student. Students move between levels when they have passed the required skills test for a level. These tests are given in week 3 and week 5 of the 6-week block.

STUDENT PASSPORT

The entire learning process is reflected in a document called “Student Passport”

which is reviewed by the teacher and the student once every 6 weeks. If necessary, modifications are made for students to achieve their goals more quickly.

STUDENT CONFERENCES

Every 6 weeks, “Student Conferences” are held between the student and the tutor. In these meetings, the student’s progress and study goals are analysed, and modifications are made to the study plan if necessary.

WHERE WILL I LIVE?

WHEN YOU DECIDE TO STUDY AT WORLDWIDE SCHOOL, YOU WILL HAVE A VARIETY OF ACCOMMODATION OPTIONS TO CONSIDER, WITH THREE POPULAR CHOICES BEING HOMESTAY, APARTMENTS AND HOSTELS.

Whether students prefer the camaraderie of living with other students, or the warmth and support of a host family, student apartments, hostels and homestays all offer something unique and valuable to cater to the diverse needs and preferences of international students.

HOSTELS

Hostels are budget student accommodation. They are located in the heart of Auckland City, within an easy walking distance to Worldwide School.

Many hostels offer a range of free weekly activities to students.

HOMESTAY

Homestays offer a unique cultural experience, as students have the chance to live with a local host family.

This option allows for a deeper immersion into the local lifestyle and customs, fostering cross-cultural understanding and language development.

You will experience local food and 'kiwi culture'. We place students with local families to live with while studying at Worldwide School.

The homestay family will show them how to get to school on their first day.

All our families live close to a bus stop and the commute can be up to 45 and 60 minutes by bus.

APARTMENTS

Apartments offer a dynamic and independent living environment, providing students with the opportunity to reside alongside fellow students in a shared or private apartment setting.

These apartments come equipped with essential amenities, creating a comfortable and convenient living space.

We offer a private single room with shared facilities. The apartments are within easy walking distance (5-10 minutes) to Worldwide School, the Britomart precinct, pubs, cafés, entertainment, and all public transport.
